More Than a House: Vince's Journey Home

In 2025, Vince became a homeowner with the help of Housing Resources, Inc. (HRI), a United Way of Racine County Impact Partner. For Vince, homeownership represents accomplishment, security, pride and a lasting investment in his future.

Since working with HRI, Vince has grown in confidence and focus. He is currently enrolled at MATC and has returned to restoring two cars he had previously set aside. His new home has also given him space to grow in all areas of life, including as a grandparent, parent, brother, partner and friend.

Vince shares that HRI provided the guidance, knowledge and encouragement that helped him succeed not only in homeownership but in life. He describes the support as genuine and life-changing, noting the lasting impact of the staff on his journey.

He encourages others to pursue homeownership, saying HRI offers strong support every step of the way. Vince plans to continue working with HRI through post-purchase counseling.

United Way of Racine County is proud to partner with HRI to be part of Vince's journey to homeownership.
